

BCN E-Rate Overview

Helping K-12 schools and libraries modernize connectivity through E-Rate eligible solutions.

The federal E-Rate program helps eligible schools and libraries reduce the cost of qualifying connectivity and network infrastructure services through FCC-supported funding and discounts.

Schools and libraries may qualify for discounts ranging from **20% to 90%** on eligible services and infrastructure.

BCN helps school districts and libraries plan and support E-Rate eligible technology initiatives designed to improve connectivity, modernize infrastructure, and support long-term operational needs.

How Schools and Libraries Are Using E-Rate

Organizations commonly use E-Rate funding to help support:

- Internet bandwidth upgrades
- WAN connectivity between locations
- School Wi-Fi refresh projects
- Fiber connectivity initiatives
- Replacing aging network infrastructure
- Network resiliency and redundant connectivity
- Managed broadband and connectivity services
